

Martie Law

Market Klean, Inc., of Waterloo was started in 1997 as a small family business and incorporated in 2000. The company, which has 12 employees, was named Best of Omaha in 2006. Market Klean is a domestic cleaning service now in its 12th year of serving clients in Omaha and the surrounding area. It is currently in an expansion mode. This year will see the beginning of a second, separate company – Absolute Bio-recovery Services, Inc.

This new company will address cleanup of those sites that are the scenes of crime and/or trauma. Martie Law, founder and president of Market Klean, Inc., has been trained in biohazard cleanup and is certified by the American Bio-recovery Association. Services will be offered throughout Nebraska to both homeowners and business properties to save families, friends and businesses from the distress and possible hazard of cleaning an affected location.

Absolute Bio-recovery Services, Inc., will offer complete disinfection, deodorization and reordering of those spaces affected by trauma. The scope of the bio-hazard removal covers such incidents as medical emergencies, homicides, industrial accidents, animal droppings, suicides, vehicular accidents, "trashed" housing, tear gas, medical waste, etc. The technicians are bonded, insured and thoroughly trained in the proper handling of biohazards. Vehicles used contain specialized equipment and will be unmarked while on the job site. Absolute Bio-recovery Services Inc., will always be in compliance with both federal and state regulations in both its use of materials and in removal of biohazardous waste.

One of the hallmarks of Market Klean is the remarkable retention of clients. Another is the low turnover of employees, some of whom have been with Market Klean since its inception. Dependability, sensitivity toward clients' needs, respect for busy schedules and efficient handling of emergencies are just a few of the reasons that client trust is so strong.

Ms. Law expects to build the same reputation with her second company. For more information call 677-9751.
